

Certification at UPM

- Paper Divisions
- Wood Products Division
- Label Division
- Business Functions and Resources

With respect to the quality systems, the table gives the standard currently in use at each unit. Several of the ISO 9001 and ISO 9002 standards previously used at the units have been substituted by the new ISO 9001:2000 standard. The certification year in the table refers to when the quality system was first adopted in the unit.
